— LONDON —

WHY CROSSWATER LONDON?

Industry-leading experience on a global scale.

Quality control at the factory level.

Technical-focused customer service.

Award-winning designs.

Ordered, stocked, and shipped from the Forte Brands distribution center
in Milford, Massachusetts.

Under Forte Brands, we are your private label for luxury bathroom products
delivered on the highest standard of customer service. Working together, we
strive to deliver products of superior quality and unrivalled performance.

Partnership. Trust. Excellence.

FB

Forte Brands

The finest materials and precision
engineering combine with exquisite finishes
for beauty, form and function.

crosswater^x
— LONDON —

Innovative luxury for inspired
bathroom design.

A CURATED COLLECTION

INTUITIVE. INNOVATIVE. EXCLUSIVE.

For more than two decades we have honed our expertise and perfected our designs.

Ever evolving, adapting, exceeding expectation – we are dedicated to creating fittings, fixtures, furniture and accessories of form, function and beauty for every bath space.

Sourcing the finest materials, skilled craftsmanship, and time-honored manufacturing techniques, we offer distinctive collections from Modern and Contemporary to Classic and Traditional.

British Style. European Design. Distinctive Character.

Crosswater London.

	Finish code	Description	Production method	Range(s) available	Warranty
Brushed Brass	BB	A warm brass finish which is machine brushed for an even texture.	PVD	MPRO	Limited Lifetime
Brushed Black Chrome	BBC	Chrome is chemically darkened then hand brushed and finished.	Electroplated	UNION	Limited Lifetime
Brushed Nickel	BN	A heavy coating of nickel is applied then hand-relieved to achieve a subtle, sophisticated texture.	Electroplated	UNION Belgravia Waldorf	Limited Lifetime
Bronze	BZ	A chemically darkened surface with copper undertones.	Powdercoated	Berea Leyden Taos	Limited Lifetime
Matte Black	MB	The brass is polished to a smooth surface then a hard-wearing, durable coating with a matte appearance is applied.	Immersion-plated	MPRO	Limited Lifetime
Matte Black	MB	A colored powder coating is cured under very high heat to allow it to flow and form a very durable, high-quality 'skin'.	Powdercoated	Taos	Limited Lifetime
Matte Black	MB	A hard-wearing, durable finish with a matte appearance.	Electroplated	UNION	Limited Lifetime
Polished Chrome	PC	A hard-wearing, durable finish, highly polished with a slightly cool tone.	Electroplated	All	Limited Lifetime
Polished Nickel	PN	A durable, highly-polished finish with a warm tone.	PVD	All except UNION MPRO Wisp	Limited Lifetime
Satin Nickel	SN	Similar to Brushed Nickel but with a slight matte appearance. A heavy coating of nickel is applied then hand brushed to achieve a subtle, sophisticated texture. Satin Nickel is virtually identical in appearance to Stainless.	PVD	Berea, Leyden, Darby Taos	Limited Lifetime
Stainless	S or V	A finish designed to simulate stainless steel. Matte in appearance with a slightly warm tone. Stainless is virtually identical in appearance to Satin Nickel.	PVD	Wisp MPRO Belgravia Waldorf	Limited Lifetime
Unlacquered Brass	B	Raw brass is polished and left uncoated to naturally patina over time. A rich, living finish which can be left to gently tarnish or polished to restore its brilliance.	Living finish	UNION Belgravia Waldorf	No Warranty

FINISH TECHNOLOGY

PVD (Physical Vapor Deposition) - PVD coating processes deposit a layer of high-density material that's only a few microns thick. Once applied, the coating is nearly impossible to remove, and won't wear off on its own. PVD finishes are state of the art.

Powdercoat - Dry metallic powder is applied electrostatically and cured in an oven at a very high temperature to set the coating. This method forms an extremely tough finish. Powdercoated surfaces do not have a protective coating. If not properly cared for, the surface can become scratched or chipped. It is extremely important that abrasives and chemicals do not come into contact with the finish.

Electroplate - This finishing process employs electrical current to coat the faucet with metal. This allows the finish to be resistant to corrosion and wear, and contributes to the product's overall durability.

Immersion plate - Immersion plating, also known as chemical or auto-catalytic plating, is a non-electro plating method that involves several simultaneous reactions in an aqueous solution which occur without the use of external electrical power. This process creates a high-quality and very durable finish.

STUNNING & CLASSICALLY DESIGNED BRASSWARE

Exceptionally crafted, Belgravia lends an historic pedigree to traditional bathroom design. Precise detailing and inscribed indices set this collection apart, creating a bathroom that is period in style yet superior in function. Hand-polished across the entire range, Belgravia indulges the bathroom with stately style and sensibility.

Authentic luxury for discerning tastes. Belgravia.

Wisp Thermostatic Valve Trim in Polished Chrome
(US-WP1000RC/US-WP1500RC/US-WP2500RC)

WISP

Concealed shower valves

WISP 1000 THERMOSTATIC VALVE TRIM

Single integrated volume control for 1 water outlet

Required rough features Vernet thermostatic cartridge and Flühs volume control cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Flow rate: 12 GPM at 60 PSI

Required rough sold separately: US-WLBP1000R

- Polished Chrome
- US-WP1000RC
- Stainless
- US-WP1000RV

REQUIRED ROUGH

1000 3/4" thermostatic rough with single integrated volume control

US-WLBP1000R

See page 378 for detailed information

1FUNCTION

A - Volume control

B - Temperature

WISP 1500 THERMOSTATIC VALVE TRIM

Integrated volume control/diverter for 2 water outlets
Required rough features Vernet thermostatic cartridge
The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.
Integral shut-off return valve with filters to prevent cross flow

| Matte Black | US-PRO3000RMB |
| Brushed Brass | US-PRO3000RBB |

REQUIRED ROUGH

3000 3/4" thermostatic rough with integrated volume control and volume control/two-way diverter

US-WLBP3000R

See page 382 for detailed information

3 FUNCTIONS, 2 OUTLETS SHARED

- A - Volume control / two-way diverter
- B - Temperature
- C - Volume control

MPRO 1701 HORIZONTAL THERMOSTATIC ROUGH AND VALVE TRIM WITH HANDSHOWER

Set includes rough valve and trim with handshower

Trim includes a hose and elbow which are required for installation and must be on site for installation

Integrated volume control/diverter for 2 water outlets

Rough features Vernet thermostatic cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Built-in service stops

Flow rate: 11 GPM at 60 PSI

Rough-in depth minimum: 3"

Rough-in depth maximum: 4"

Note: Icons etched on the backplate are for handshower and tub spout as standard. Backplate with icons for handshower and shower head is available upon request.

With 1.75 GPM handshower

BEREA THERMOSTATIC VALVE TRIM

Temperature control only; volume control(s) sold separately

Required rough features Vernet thermostatic cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Flow rate: 12 GPM at 45 PSI

Required rough sold separately: TH-RGH

REQUIRED ROUGH

3/4" thermostatic valve rough

TH-RGH

See page 385 for detailed information

TEMPERATURE CONTROL ONLY

This valve is a mixer only and requires separate volume control(s).

See page 373 for detailed information

BEREA VOLUME CONTROL AND DIVERTER TRIM

Trim is compatible with roughs for the volume control, two-way and three-way diverters

Volume control controls on/off and volume functions for a single component in a shower system

Diverter alternates water flow between two or three water outlets

Volume control features Flühs quarter-turn ceramic disc cartridge

Diverters feature Kerox diverter cartridge

Required rough (sold separately):
VC-RGH - Volume control
DIV-RGH - Two-way diverter
3DV-RGH - Three-way diverter

Polished Chrome **11-17-T-PC**
Polished Nickel **11-17-T-PN**
Satin Nickel **11-17-T-SN**

REQUIRED ROUGH

3/4" volume control rough

VC-RGH

Two-way diverter rough

DIV-RGH

Three-way diverter rough

3DV-RGH

See page 388 for detailed information

BEREA DUAL-CONTROL THERMOSTATIC VALVE TRIM WITH VOLUME CONTROL

Single integrated volume control for 1 water outlet

Required rough features Vernet thermostatic cartridge and Flühs volume control cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Flow rate: 10-12 GPM at 45 PSI

Required rough sold separately: TH1-RGH

- Polished Chrome 11-19-T-PC
- Polished Nickel 11-19-T-PN
- Satin Nickel 11-19-T-SN

REQUIRED ROUGH

Dual-control thermostatic valve rough

TH1-RGH

See page 383 for detailed information

1 FUNCTION

- Volume control
- Temperature

BEREA DUAL-CONTROL THERMOSTATIC VALVE TRIM WITH VOLUME CONTROL AND DIVERTER

Integrated volume control/diverter for 2 water outlets

Required rough features Vernet thermostatic cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Flow rate: 12 GPM at 45 PSI

Required rough sold separately: TH2-RGH

- Polished Chrome 11-20-T-PC
- Polished Nickel 11-20-T-PN
- Satin Nickel 11-20-T-SN

REQUIRED ROUGH

Dual-control thermostatic valve rough

TH2-RGH

See page 384 for detailed information

2 FUNCTIONS, NON-SHARED

- Volume control / two-way diverter
- Temperature

BEREA PRESSURE-BALANCE VALVE TRIM

- One water outlet
- Kerox pressure-balance cartridge
- Pressure-balance cartridge maintains constant temperature in response to changes to hot and cold supply
- Flow rate: 3-5 GPM at 45 PSI
- Required rough sold separately: PBS-RGH

Polished Chrome	11-15P-T-PC
Polished Nickel	11-15P-T-PN
Satin Nickel	11-15P-T-SN

REQUIRED ROUGH

Pressure-balance shower valve rough

PBS-RGH

See page 386 for detailed information

2 FUNCTIONS, NON-SHARED

- Two-way diverter
- Temperature

BEREA PRESSURE-BALANCE VALVE WITH DIVERTER TRIM

- Two water outlets
- Diverter alternates water flow between 2 outlets: tub spout/shower head, tub spout/handshower or shower head/handshower
- Kerox pressure-balance cartridge
- Pressure-balance cartridge maintains constant temperature in response to changes to hot and cold supply
- Flow rate: 3-5 GPM at 45 PSI
- Required rough sold separately: PBTS-RGH

Polished Chrome	11-14P-T-PC
Polished Nickel	11-14P-T-PN
Satin Nickel	11-14P-T-SN

REQUIRED ROUGH

Pressure-balance shower valve with diverter rough

PBTS-RGH

See page 387 for detailed information

2 FUNCTIONS, NON-SHARED

- Two-way diverter
- Temperature

BEREA PRESSURE-BALANCE SHOWER SET TRIM

- Set includes pressure-balance shower valve trim with lever handle and shower head with arm and flange
- Shower head features three spray functions: rain, aerated jet and massage
- Shower head flow rate: 1.75 or 2.0 GPM
- Kerox pressure-balance cartridge
- Pressure-balance cartridge maintains constant temperature in response to changes to hot and cold supply
- Rough flow rate: 3-5 GPM at 45 PSI
- Required rough sold separately: PBS-RGH

- With 1.75 GPM shower head
- Polished Chrome 11-15-175-T-PC
 - Polished Nickel 11-15-175-T-PN
 - Satin Nickel 11-15-175-T-SN
- With 2.0 GPM shower head
- Polished Chrome 11-15-T-PC
 - Polished Nickel 11-15-T-PN
 - Satin Nickel 11-15-T-SN

REQUIRED ROUGH

Pressure-balance shower valve rough

PBS-RGH

See page 386 for detailed information

BEREA PRESSURE-BALANCE TUB AND SHOWER SET TRIM

- Set includes pressure-balance shower valve with diverter trim with lever handle, shower head with arm and flange and wall tub spout
- Shower head features three spray functions: rain, aerated jet and massage
- Shower head flow rate: 1.75 or 2.0 GPM
- Kerox pressure-balance cartridge
- Pressure-balance cartridge maintains constant temperature in response to changes to hot and cold supply
- Rough flow rate: 3-5 GPM at 45 PSI
- Required rough sold separately: PBTS-RGH

- With 1.75 GPM shower head
- Polished Chrome 11-14-175-T-PC
 - Polished Nickel 11-14-175-T-PN
 - Satin Nickel 11-14-175-T-SN
- With 2.0 GPM shower head
- Polished Chrome 11-14-T-PC
 - Polished Nickel 11-14-T-PN
 - Satin Nickel 11-14-T-SN

REQUIRED ROUGH

Pressure-balance shower valve with diverter rough

PBTS-RGH

See page 387 for detailed information

BEREA SHOWER HEAD WITH ARM AND FLANGE

- Three spray functions - rain, aerated jet and massage
- 4-1/4" diameter
- EasyClean anti-limescale nozzles
- Head and arm and flange sold separately
- Flow rate: 1.75 or 2.0 GPM
- Inlet connection: 1/2" NPT

1.75 GPM	
Polished Chrome	11-22-PC
Polished Nickel	11-22-PN
Satin Nickel	11-22-SN

2.0 GPM	
Polished Chrome	11-21-PC
Polished Nickel	11-21-PN
Satin Nickel	11-21-SN

BEREA HANDSHOWER RAIL SET

- Set includes handshower, hose, slide rail and wall outlet
- 1.75 GPM model- Tri-function spray: rain, aerated jet, and massage
- 2.5 GPM model- Dual-function spray: rain and massage
- Handshower features EasyClean anti-limescale nozzles
- Handshower includes vacuum breaker and flow restrictor
- 26" adjustable bar with bracket
- Flow rate: 1.75 or 2.5 GPM
- Inlet connection: 1/2" NPT or 3/4" NPT (adapter included)

With 1.75 GPM handshower	
Polished Chrome	11-30-PC
Polished Nickel	11-30-PN
Satin Nickel	11-30-SN

Note: See page 287 for 1.75 GPM handshower supplied with this set.

With 2.5 GPM handshower	
Polished Chrome	11-31-PC
Polished Nickel	11-31-PN
Satin Nickel	11-31-SN

Bera Shower Head with Arm and Flange
in Polished Nickel (11-21-PN / 11-22-PN)

BEREA WALL TUB SPOUT

Solid brass
Spout reach: 7-1/8"
Inlet connection: 1/2" NPT

- Polished Chrome 11-WTS-PC
- Polished Nickel 11-WTS-PN
- Satin Nickel 11-WTS-SN

COVER PLATE

4" centerset cover plate

- Polished Chrome 9Q1169CP-PC
- Polished Nickel 9Q1169RN-PN

LEYDEN THERMOSTATIC VALVE TRIM

Temperature control only; volume control(s) sold separately

Required rough features Vernet thermostatic cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Flow rate: 12 GPM at 45 PSI

Required rough sold separately: TH-RGH

REQUIRED ROUGH

3/4" thermostatic valve rough

TH-RGH

See page 385 for detailed information

TEMPERATURE CONTROL ONLY

This valve is a mixer only and requires separate volume control(s).

See page 373 for detailed information

Cross Handle

- Polished Chrome 14X-16-T-PC
- Polished Nickel 14X-16-T-PN
- Satin Nickel 14X-16-T-SN

Lever Handle

- Polished Chrome 14-16-T-PC

LEYDEN VOLUME CONTROL AND DIVERTER TRIM

Trim is compatible with roughs for the volume control, two-way and three-way diverters.

Volume control controls on/off and volume functions for a single component in a shower system

Diverter alternates water flow between two or three water outlets

Volume control features Flühs quarter-turn ceramic disc cartridge

Diverters feature Kerox diverter cartridge

Required rough (sold separately):

- VC-RGH - Volume control
- DIV-RGH - Two-way diverter
- 3DV-RGH - Three-way diverter

REQUIRED ROUGH

3/4" volume control rough

VC-RGH

Two-way diverter rough

DIV-RGH

Three-way diverter rough

3DV-RGH

- Handshower flow rate: 1.75 or 2.5 GPM
- Required rough sold separately: DTHS-S-RGH

- With 1.75 GPM handshower
- Polished Chrome 17-03-T-175-PC
 - Polished Nickel 17-03-T-175-PN
 - Satin Nickel 17-03-T-175-SN

- With 2.5 GPM handshower
- Polished Chrome 17-03-T-PC
 - Polished Nickel 17-03-T-PN
 - Satin Nickel 17-03-T-SN

REQUIRED ROUGH

Deck tub set with handshower rough

DTHS-S-RGH

See page 389 for detailed information

TAOS FLOOR-MOUNT TUB FILLER WITH HANDSHOWER

- Solid brass construction
- Kerox ceramic disc cartridge
- Single-function handshower with vacuum breaker and 60" hose
- Spout reach: 9"
- Height to spout: 33-3/4" - 35-7/8"
- Spout swivel: Yes
- Tub filler flow rate: 7 GPM
- Handshower flow rate: 1.75 or 2.5 GPM
- Rough included

- With 1.75 GPM handshower
- Polished Chrome 17-05-175-PC
 - Polished Nickel 17-05-175-PN
 - Satin Nickel 17-05-175-SN
 - Matte Black 17-05-175-MB

- With 2.5 GPM handshower
- Polished Chrome 17-05-PC
 - Polished Nickel 17-05-PN
 - Satin Nickel 17-05-SN
 - Matte Black 17-05-MB

TAOS THERMOSTATIC VALVE TRIM

Temperature control only; volume control(s) sold separately

Required rough features Vernet thermostatic cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Flow rate: 12 GPM at 45 PSI

Required rough sold separately: TH-RGH

- Polished Chrome 17-16-T-PC
- Polished Nickel 17-16-T-PN
- Satin Nickel 17-16-T-SN
- Matte Black 17-16-T-MB

REQUIRED ROUGH

3/4" thermostatic valve rough

TH-RGH

See page 385 for detailed information

TEMPERATURE CONTROL ONLY

This valve is a mixer only and requires separate volume control(s).

See page 373 for detailed information

TAOS VOLUME CONTROL AND DIVERTER TRIM

Trim is compatible with roughs for the volume control, two-way and three-way diverters

Volume control controls on/off and volume functions for a single component in a shower system

Diverter alternates water flow between two or three water outlets

Volume control features Flühs quarter-turn ceramic disc cartridge

Diverters feature Kerox diverter cartridge

Required rough (sold separately):
VC-RGH - Volume control
DIV-RGH - Two-way diverter
3DV-RGH - Three-way diverter

- Polished Chrome 17-17-T-PC
- Polished Nickel 17-17-T-PN
- Satin Nickel 17-17-T-SN
- Matte Black 17-17-T-MB

REQUIRED ROUGH

3/4" volume control rough

VC-RGH

Two-way diverter rough

DIV-RGH

Three-way diverter rough

3DV-RGH

See page 388 for detailed information

TAOS DUAL-CONTROL THERMOSTATIC VALVE TRIM WITH VOLUME CONTROL

Single integrated volume control for 1 water outlet

Required rough features Vernet thermostatic cartridge and Flühs volume control cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Flow rate: 10-12 GPM at 45 PSI

Required rough sold separately: TH1-RGH

- Polished Chrome 17-19-T-PC
- Polished Nickel 17-19-T-PN
- Satin Nickel 17-19-T-SN

REQUIRED ROUGH

Dual-control thermostatic valve rough

TH1-RGH

See page 383 for detailed information

1FUNCTION

- Volume control
- Temperature

TAOS DUAL-CONTROL THERMOSTATIC VALVE TRIM WITH VOLUME CONTROL AND DIVERTER

Integrated volume control/diverter for 2 water outlets

Required rough features Vernet thermostatic cartridge

The thermostatic valve senses and controls the actual water temperature and blends hot water with cold water to ensure constant, safe temperatures, preventing scalding.

Integral shut-off return valve with filters to prevent cross flow

Flow rate: 12 GPM at 45 PSI

Required rough sold separately: TH2-RGH

- Polished Chrome 17-20-T-PC
- Polished Nickel 17-20-T-PN
- Satin Nickel 17-20-T-SN
- Matte Black 17-20-T-MB

REQUIRED ROUGH

Dual-control thermostatic valve rough

TH2-RGH

See page 384 for detailed information

2 FUNCTIONS, NON-SHARED

- Volume control / two-way diverter
- Temperature

TAOS PRESSURE-BALANCE VALVE TRIM

- One water outlet
- Kerox pressure-balance cartridge
- Pressure-balance cartridge maintains constant temperature in response to changes to hot and cold supply
- Flow rate: 3-5 GPM at 45 PSI
- Required rough sold separately: PBS-RGH

Polished Chrome	17-15P-T-PC
Polished Nickel	17-15P-T-PN
Satin Nickel	17-15P-T-SN
Matte Black	17-15P-T-MB

REQUIRED ROUGH

Pressure-balance shower valve rough

PBS-RGH

See page 386 for detailed information

1 FUNCTION

with temperature control

TAOS PRESSURE-BALANCE VALVE WITH DIVERTER TRIM

- Two water outlets
- Diverter alternates water flow between 2 outlets: tub spout/shower head, tub spout/handshower or shower head/handshower
- Kerox pressure-balance cartridge
- Pressure-balance cartridge maintains constant temperature in response to changes to hot and cold supply
- Flow rate: 3-5 GPM at 45 PSI
- Required rough sold separately: PBTS-RGH

Polished Chrome	17-14P-T-PC
Polished Nickel	17-14P-T-PN
Satin Nickel	17-14P-T-SN
Matte Black	17-14P-T-MB

REQUIRED ROUGH

Pressure-balance shower valve with diverter rough

PBTS-RGH

See page 387 for detailed information

2 FUNCTIONS, NON-SHARED

- Two-way diverter
- Temperature

TAOS PRESSURE-BALANCE SHOWER SET TRIM

Set includes pressure-balance shower valve trim with lever handle and shower head with arm and flange

Shower head features three spray functions: rain, aerated jet and massage

Shower head flow rate: 1.75 or 2.0 GPM

Kerox pressure-balance cartridge

Pressure-balance cartridge maintains constant temperature in response to changes to hot and cold supply

Rough flow rate: 3-5 GPM at 45 PSI

Required rough sold separately: PBS-RGH

With 1.75 GPM shower head

- Polished Chrome 17-15-175-T-PC
- Polished Nickel 17-15-175-T-PN
- Satin Nickel 17-15-175-T-SN
- Matte Black 17-15-175-T-MB

With 2.0 GPM shower head

- Polished Chrome 17-15-T-PC
- Polished Nickel 17-15-T-PN
- Satin Nickel 17-15-T-SN
- Matte Black 17-15-T-MB

REQUIRED ROUGH

Pressure-balance shower valve rough

PBS-RGH

See page 386 for detailed information

TAOS PRESSURE-BALANCE TUB AND SHOWER SET TRIM

Set includes pressure-balance shower valve with diverter trim with lever handle, shower head with arm and flange and wall tub spout

Shower head features three spray functions: rain, aerated jet and massage

Shower head flow rate: 1.75 or 2.0 GPM

Kerox pressure-balance cartridge

Pressure-balance cartridge maintains constant temperature in response to changes to hot and cold supply

Rough flow rate: 3-5 GPM at 45 PSI

Required rough sold separately: PBTS-RGH

With 1.75 GPM shower head

- Polished Chrome 17-14-175-T-PC
- Polished Nickel 17-14-175-T-PN
- Satin Nickel 17-14-175-T-SN
- Matte Black 17-14-175-T-MB

With 2.0 GPM shower head

- Polished Chrome 17-14-T-PC
- Polished Nickel 17-14-T-PN
- Satin Nickel 17-14-T-SN
- Matte Black 17-14-T-MB

See page 387 for detailed information

TAOS SHOWER HEAD WITH ARM AND FLANGE

- Three spray functions - rain, aerated jet and massage
- 4" diameter
- EasyClean anti-limescale nozzles
- Includes swivel arm and flange
- Flow rate: 1.75 or 2.0 GPM
- Inlet connection: 1/2" NPT

- 1.75 GPM**
- Polished Chrome 17-22-PC
 - Polished Nickel 17-22-PN
 - Satin Nickel 17-22-SN
 - Matte black 17-22-MB

- 2.0 GPM**
- Polished Chrome 17-21-PC
 - Polished Nickel 17-21-PN
 - Satin Nickel 17-21-SN
 - Matte black 17-21-MB

TAOS HANDSHOWER RAIL SET

- Set includes handshower, hose, slide rail and wall outlet
- Single-function spray: rain
- Handshower features EasyClean anti-limescale nozzles
- Handshower includes vacuum breaker and flow restrictor
- 24" adjustable bar with bracket
- Flow rate: 1.75 or 2.5 GPM
- Inlet connection: 1/2" NPT or 3/4" NPT (adapter included)

- With 1.75 GPM handshower**
- Polished Chrome 17-30-PC
 - Polished Nickel 17-30-PN
 - Satin Nickel 17-30-SN
 - Matte Black 17-30-MB

- With 2.5 GPM handshower**
- Polished Chrome 17-31-PC
 - Polished Nickel 17-31-PN
 - Satin Nickel 17-31-SN
 - Matte Black 17-31-MB

TAOS HANDSHOWER

- Single spray
- Handshower features EasyClean anti-limescale nozzles
- Handshower includes vacuum breaker and flow restrictor
- Flow rate: 1.75 GPM or 2.5 GPM

- 1.75 GPM**
- Polished Chrome US-SH965C
 - Polished Nickel US-SH965N
 - Stainless US-SH965V
 - Matte Black US-SH965MB

(US-PRO393, US-PRO39DDW+)

Taos Widespread Basin Faucets in Polished Nickel
(17-08-PN), MPRO 28" Basins (US-PRO393)
Taos Paper Holder / Towel Ring in Polished Nickel (17-58-PN)

SHOWERING

SOLID BRASS CONSTRUCTION COMBINED WITH EXPERT ENGINEERING

Delivering seamless movement of water in a refined collection. An extensive range of shower heads, shower arms, handsets and hoses ensures the very best in performance and functionality to create a highly luxurious experience that is uniquely tailored to the individual.

INFINITY 15" WATER PANEL

- Solid stainless steel
- Generous, luxurious Rain spray
- 144 individual jets
- Size: 15" x 15"
- EasyClean anti-limescale nozzles
- Maximum flow rate: 2.2 GPM
- Inlet connection: G 1/2" (compatible with 1/2" NPT)

Mirrored Stainless **US-SP380MS**

INFINITY 20" WATER PANEL

- Solid stainless steel
- Generous, luxurious Rain spray
- 144 individual jets
- Size: 20" x 20"
- EasyClean anti-limescale nozzles
- Flow rate: 2.3 GPM
- Inlet connection: G 1/2" (compatible with 1/2" NPT)

Mirrored Stainless **US-SP500MS**

BATHTUBS

STRIKING AND POLISHED, SET THE STAGE WITH BATHTUBS OF DISTINCTION

At the core of our collection is enduring design and groundbreaking materials. Every Crosswater London bathtub is engineered for long-lasting beauty and exceptional performance. From classic to modern, Crosswater London bathtubs anchor the bathroom in brilliance and style.

DUROCOAT® MATERIAL

The main component of DUROCOAT® material is genuine dolomitic marble, a metamorphic rock of natural transformation estimated to be over 500 million years old. Consisting of 96% calcium magnesium carbonate, a natural mineral, the powder is produced by disintegrating and purifying the marble to create this groundbreaking material.

BEAUTY

The unique physical properties of DUROCOAT® ensure great reliability in manufacturing complex shapes. This is evident in the crisp details of the Waldorf bath. DUROCOAT®'s high-performance material protects the surface and ensures a flawlessly smooth finish for years to come.

CLEARSTONE MATERIAL

ClearStone is a milled sedimentary stone compound with molded polyester polymer coating. The coating is molded onto the bath surface (not painted) thus ensuring long-lasting performance in appearance, color, stability and resistance to scratching or cracking.

BEAUTY

ClearStone allows designers more scope to soften the outlines and details of a space with bathtubs that feature elegantly tapering edge details and an overall softer appearance with

STRENGTH & STYLE

With its unique technological properties, DUROCOAT® demonstrates a 35% increase in durability over comparable materials. Fully de-aerated, this resilient material forms a uniform core structure from layers of identical density.

Made from the finest materials, Crosswater London bathtubs are warm to the touch with brilliant white color and high-gloss sheen. Scratch and stain-resistant with a solid and tough surface, every tub is protected by our exclusive sanitary gelcoat. Extremely hygienic, easy-to-clean surfaces prevent the build-up of bacteria and dirt, resulting in a safer bath environment. Relax and enjoy.

clean, dynamic lines. Each ClearStone tub is hand-polished for over ten hours. ClearStone material has a lustrous finish across modern and classic designs.

STRENGTH & STYLE

The composition of ClearStone creates a tough and hard-wearing compound ideally suited to modern demands for exceptional performance and endurance. Being a molded coating, ClearStone high-gloss bathtubs have the highest resistance to accidental damage or thermal degradation.

PEACE OF MIND

Every ClearStone bath is packaged to ensure safe delivery.

- Protective film is applied to the surface of the bath
- Foam is wrapped around the edges
- A plastic bag is wrapped around the bath
- The bath is placed in a unique carrying bag with handles on each side. This bag allows the bath to be easily carried to place, minimizing risk of damage
- The fully-protected bath is then placed on a thick cardboard surface on a wooden platform

- The bath is encased in a 1/2"-thick cardboard box with reinforced corners and honeycomb insulation which offers outstanding unidirectional compression resistance during transport

FIXTURES

WALDORF BACK-TO-WALL BATHTUB

Size: L 65-3/4" x W 34-1/2" x H 23-5/8"

Constructed of DUROCOAT® cast mineral marble

PATINATO GRANDE BACK-TO-WALL TUB

Size: L 66-1/2" x W 31-1/2" x H 21-5/8"

Constructed of ClearStone material which is engineered to resist stain, retain heat and minimize maintenance

Sits flush against the wall

Ledge provides platform for deck-mount tub filler

Ledge can be drilled for two, three, four or five holes for tub filler (supplied undrilled)

Note: Ledge is not suitable for mounting US-PRO450 or US-WP450

Generous size and center drain position comfortably accommodates two bathers

Water depth: 14"

Capacity: 72 gallons

Displaced capacity: 54 gallons

Weight: 201 lbs

Weight with water: 659 lbs

Required waste & overflow sold separately

For installation over a finished floor, please order ITD5135 Island Tub Drain (sold separately)

ROUGH

QUALITY PERFORMANCE COMES
FROM WITHIN

QUALITY COMES FROM WITHIN

Endurance, quality, economy and safety lay at the core of every Crosswater London thermostatic shower valve.

THE PERFORMANCE ‘HEART’ OF THE VALVE

‘Vernet CA43’ is the world’s leading thermostatic cartridge due to its advanced technology in smooth and precise temperature control.

The thermostatic mixers (single or multiple outlet), will maintain their pre-set water temperature, so whether you switch from one water outlet to another or turn off the water to shampoo your hair, the thermostat will automatically find the exact pre-set temperature when you re-commence your shower, allowing you to relax and enjoy the ultimate showering experience.

QUALITY CERAMIC DISC CARTRIDGE

The basis for all high-quality shower valves is the performance of the internal turning parts - even after it has been used thousands of times. All Crosswater London thermostatic shower valves use Flühs ceramic disc technology inside the Vernet cartridges - the leading innovator, producer and supplier in the world of water supply products. Each valve is marked with a Flühs symbol as a sign of quality and compliance.

Silky smooth operation and precise water control are characteristic of Flühs products. All raw materials are highly resistant to acidic and alkaline solutions in the bathroom (soap, shampoo, etc). The ceramic discs themselves provide the very best operation and are highly reliable, even when you have wet and soapy hands. The strength of the ceramic discs is extremely durable to prevent the usual wear and tear, even after years of prolonged use.

COMPONENTS

Crosswater London brassware are manufactured using Flühs and Kerox cartridges, Vernet thermostatic cartridges, Neoperl aerators, Parigi branded hoses and Fluidmaster fill valves, flush valves, and flappers.

All of these components are considered best-in-class and are used by top brands throughout the world.

FLÜHS

Unlike most others, the Flühs cartridge does not require a lubricant which deteriorates or washes away over time making the faucet difficult to operate. Made in Germany, Flühs is considered to be the best ceramic faucet cartridge and is preferred by manufacturers of high-end faucets.

KEROX

Manufactured by Kerox Kft, a Hungarian manufacturer that specializes in ceramic mixing cartridges for single-lever faucets. It has become the preferred cartridge for single-levers by high-end brands due to its reputation for reliable performance.

VERNET

Made in France at a factory that uses stringent quality control at the factory level. With a specially optimized thermostatic element and a highly advanced design of the regulation components, Vernet has developed cartridges that provide the best temperature regulation and safety in accordance with world-wide standards.

PARIGI

Founded in Milan in 1950, Parigi became part of the Neoperl Group in 2014. In 1975, Parigi patented the Parinox, the first flexible hose made of rubber and covered by stainless steel braiding. Parigi is considered to be a pioneer and quality leader in the field. Supply hoses are a key safety component delivering water to the faucet. The inner hose is made of dependable Softpex which has been proven in the market millions of times with a 0% failure rate.

NEOPERL

Aerators are from Neoperl, a Swiss company founded in 1959, which is considered to make the world’s best. Aerators add air to soften the water streams so it will not splash. Today, they are also used to limit water volume to the lower flows required by federal and state water conservation laws. In some cases, they also prevent backflow that can result in the contamination of household drinking water. It is therefore important that this device be the best available.

FLUID MASTER

These toilet parts are found in more toilets than all other brands combined - it is the #1 brand of toilet repair parts worldwide. Toilet fill valves refill the toilet tank and bowl to the correct levels after flushing. They replace old-style ballcocks and other older designs. Toilet flapper issues are the leading cause of leaking or running toilets. They provide the seal for the flush valve and control the volume of water released to the bowl. Toilet flush valves control the release of water from the tank to the bowl when the trip lever is pressed.

ROUGH FOR WALL-MOUNT THREE-HOLE BASIN FAUCET

Flühs quarter-turn ceramic disc cartridges
US-130ROUGH - For Belgravia, Union and Waldorf

COMPLIANCE

At Crosswater London, we pride ourselves on our track record of exceeding the industry’s most stringent standards. In the UK, we hold more WRAS (Water Regulation Advisory Scheme) listings than any other British manufacturer. In order to obtain a WRAS listing we have to show that our products not only exceed British standards but that the quality of the products we supply to our customers is maintained.

This is also the ethos we have followed in North America, all of our basin faucets comply with low-lead standards.

We have faucets, shower heads and toilets that meet the water-saving requirements of both WaterSense and the California Energy Commission, as well as IAPMO (cUPC) listed product.

In order to achieve this we use the best components from top European suppliers such as Flühs, Neoperl, Vernet and Kerox. We have our own dedicated quality and compliance team who ensure that every product we make adheres to strict quality controls.

THE CROSSWATER LONDON WARRANTY

Our commitment to quality & excellence

CROSSWATER LIMITED WARRANTY

The following are the terms and conditions of Crosswater London’s exclusive written warranty. No warranty by any person in addition to or different from those made in this limited warranty shall be binding on Crosswater London.

This warranty is limited to those original purchasers who purchase genuine Crosswater London products from its “AUTHORIZED DEALERS” and is not transferable. Proof of purchase from the original consumer purchaser must be made available to Crosswater London for all warranty claims.

Crosswater London provides this warranty on its products installed in a residential application.

MECHANICAL WARRANTY

A limited lifetime warranty is provided on all mechanical parts to be free from defects in material and workmanship under normal usage. This limited lifetime warranty does not apply to the replacement of components where damage is caused by normal wear and tear.

CARTRIDGE WARRANTY

A limited lifetime warranty is provided on all ceramic disc cartridges. All other cartridges (including diverter, thermostatic and pressure balance cartridges) are warranted for a period of five (5) years from the date of purchase.

FINISHES AND DRAINS WARRANTY

Limited lifetime warranty on all finishes except living finishes and drains which are excluded from the finish warranty.

Due to the nature of drain usage, there is no finish warranty on any drain product (including pop-up drains, lavatory drains and tub drains).

The use of any lead-based acidic curing adhesive, mastic or plumber’s putty will void the finish warranty

Any product installed outdoors, in a marine environment or exposed to direct sunlight is excluded from the finish warranty.

CERAMICS AND FURNITURE

The warranty period on Vitreous China and Fireclay is limited lifetime

The warranty period on Bathtubs is limited lifetime.

The warranty for Furniture & Hardware is five (5) years.

The warranty for mechanical components for toilets is five (5) years.

The warranty on toilet seats is one (1) year.

The warranty on the ITD Island Tub Adaptor is five (5) years.

EXCLUSIONS AND DISCLAIMERS

Removal of flow-limiting restrictors in any product will void the warranty.

This warranty is void for any damages due to misuse, abuse, neglect, accident, improper installation, improper care of finishes, hard water or mineral deposits, potassium or salt-based water softener systems, exposure to corrosive materials or use in any manner contrary to Crosswater London installation instructions or intended use.

The use of any replacement parts other than genuine Crosswater London parts will void the warranty.

This warranty does not cover labor charges or associated costs for damages occurring during the removal, transportation, return or installation of products or replacement products.

This warranty is made to the original consumer purchaser in the original installation and is effective from the date of purchase, as shown on the purchaser’s receipt. During the warranty period, Crosswater London will replace any part, which proves defective in material and/or workmanship under normal installation, use and service. Any covered faucet part that fails during the terms of this warranty will be replaced at no charge. Replacement parts can be obtained from your local dealer or distributor or by returning the part to the factory; transportation charges prepaid, to Crosswater London.

This warranty is the exclusive warranty granted by Crosswater London and is in lieu of all other warranties of merchantability and fitness for a particular purpose and is further limited to defective parts replacement only. Labor charges and/or damage incurred in installation, repair or replacement, as well as incidental and consequential damages, are excluded. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

LIMITED COMMERCIAL WARRANTY

Crosswater London extends the above limited warranty to purchasers of products for industrial, commercial and business use upon the same terms and conditions and exclusions applicable to residential purchasers, except that the finish, cartridge and mechanical warranty is reduced to one (1) year from the date of purchase. Additionally, with respect to commercial purchasers, all implied warranties, including the implied warranties of merchantability and fitness for a particular purpose, are excluded.

WARRANTY CLAIMS

Warranty claims may be made by calling (844) 992-8371 or by writing to:

Forte Brands
Crosswater London
393 Fortune Boulevard
Milford, MA 01757

info@fortebrands.com

Proof of purchase (original sales receipt) from the original purchaser must be made available to Crosswater London for all warranty claims. This Limited Warranty applies only to products that are installed in the United States of America and Canada.

NOTE: Forte Brands LLC has no responsibility with respect to the warranty and claims made. Forte Brands LLC is merely the processor and conduit with respect to the same and customer agrees thereto for all purposes.

Crosswater London USA is a trade name of Bathroom Brands US, LLC, which is solely responsible for this warranty. Effective: July 2020

DELIVERY RECEIPTS

On receipt of delivery, please inspect goods to ensure all items are in satisfactory condition.

Any missing items or damaged goods must be reported within three (3) business days of delivery and prior to installation. Any claims made outside of this time frame will not be accepted.

To submit a claim for damaged or missing goods, please send an email with details of the issue, purchase order number, and images to returns@fortebrands.com.

Crosswater London will not accept claims relating to goods that have been delivered to a third party forwarding agent for onward shipment.

Please note that all delivery dates are given in good faith.

While every effort is made to deliver orders as promptly as possible Crosswater London cannot be held liable for any associated costs relating to delivery beyond the dates given in good faith.

INCORRECT ITEMS AND DEFECTIVE PRODUCT

If incorrect item(s) have been received, please contact Crosswater London as soon as possible. The correct item(s) will be shipped promptly and the incorrect item(s) will be picked up at the expense of Crosswater London.

Installation of product is deemed acceptance of product and Crosswater London shall not be liable for, and will not recognize, claims made after the start of the installation including:

- *Claims of incorrect product
- *Claims of incorrectly sized, colored, shaded or packaged product
- *Claims of product not matching prior shipments; and/ or any other product claims.

If a product fault has been identified following installation please contact Crosswater London technical support for assistance. Do not remove installed product(s) until instructed by Crosswater London Technical support. We will not honor claims for defective product after installation unless prior approval is obtained, in writing, from Crosswater London Technical Support. Similarly, if a part is missing, please do not reorder the complete item and request an RGA unless instructed by Crosswater

London. In many instances, part(s) will be provided to resolve the issue, eliminating the need for a return.

If it is determined that a product is faulty and needs to be returned, a return label will be issued and full credit will be given once the product is received and inspected in our warehouse. Return labels expire 30 days after issue, and if allowed to expire Crosswater London is no longer responsible for return shipping.

RETURNS

Crosswater London offers the opportunity to return an item that is no longer required. In these instances, the item must have not been installed and must be in perfect condition (including packaging) and notification of the request must be received by Crosswater London within 30 days of receipt by dealer. A 25% restocking charge will be applied to all returns unless the item is being exchanged, in which case the restocking fee will be reduced to 12.5%. This does not apply to items that are marked special order/non-returnable. Customers are responsible for return shipping unless the product is deemed faulty. Please send all RGA requests to returns@fortebrands.com.

RGA paperwork must be included with all returns or the return will not be accepted.

Local returns/drop-offs will require a signature to indicate Crosswater London has received the return.

If returned goods are damaged, show signs of installation, or not in the original packaging, credit will be denied. The customer will be given the options to either have Crosswater London dispose of the goods or have the goods returned at customer's expense.

Returns will be kept open for 6 weeks at which time they will be closed. Any returns received after this time will not be processed.

Please allow 5-7 business days from the date the return is received by Crosswater London for credit to be issued to accounts.

ADDITIONAL TERMS

Product designs and prices are subject to change without notice. Please see the website for the most current production information and prices.

Crosswater London reserves the right to discontinue products at any time without notice. Products listed as 'Phase Out' will only be available while supplies last. Please call to confirm availability.

Crosswater London will not accept returns on 'Phase Out' products after five months from the date of the announcement from Crosswater London. Any returns of such product during this five-month period will incur a 50% restocking fee.

The measurements given are intended for reference only, and are subject to change. Complete specification sheets and installation instructions are available at www.crosswaterlondon.com

Crosswater London assumes no responsibility for typographical errors.

This price book is effective July 15, 2020 and replaces all prior price books and price lists
